The other three locations are a secret....join us to explore!

What is a Pub Crawl Scaventure?

Everybody wins in this action packed pub-crawl, with a twist of a scavenger hunt and a toast to trivia. Our teams will race around and explore the Wicker Park neighborhood completing tasks and challenges. With clues in hand they will race to the designated pub locations where they will meet up with the other teams and face off in creative endeavors, challenging trivia and good old fashioned socializing. This Scaventure program focuses on communication skills, team building, leadership, listening skills and having a good time.

In an effort to win the coveted first place prize, teams use cunning and creativity to get ahead. Participants are challenged to different street challenges as they trek to each of the walk-able bar stops, and then bar challenges once they arrive at those destinations. Teams that complete their challenges the quickest or the best are rewarded with a round of appetizers at the pub locations.

What are the specific challenges?

Teams must stay together to complete STREET CHALLENGES as well as work together to complete BAR CHALLENGES. All teams must congregate and be checked in at each bar in order to move on to the next challenge. The tasks may be as simple as locating a common free item or as silly as asking a stranger for their business card. Don't forget, we will also be celebrating CSCMP's 50th Anniversary (hint, hint).
